“SKILL TRAINING PROGRAMME- MUSHROOM CULTIVATION”

DATE:15.10.2025

Name of the programme	National rural women's day
Department/coordinator	Dr. G. Selvarakku
Date and time	15.10.2025/10:00am

REPORT

A special lecture/ skill training program for “national rural women's day” was held on sakkimangalam. The program began with welcome address by Dr.R.Aruna, followed by Dr.Aruna delivered and insightful lecture focusing on women empowerment and the importance of financial independence. As a part of skill training programme, mushroom culture/fungi culture was thought to the women. She explained the process of mushroom culture with demonstration, also made sure that they followed the steps correctly. She also thought the importance of sterilization in the growth of the mushroom and it's nutritional value. The villagers were a great support and were very eager to learn, they were also motivated in getting financial independence. The event concluded with a feedback on the program by the women
