The Department of Chemistry (SF) successfully organized an awareness programme on "Girl's Awareness and Drug Abuse" on June 25, 2025, at CH1 Hall. The session was aimed at promoting the safety, empowerment, and well-being of girl students, while also addressing the critical issue of drug abuse among youth. The programme commenced with an insightful address by Dr. R. Sayee Kannan, Head of the

Department, who emphasized the importance of self-awareness and personal safety for girls both inside and outside the campus. He highlighted the significance of mental strength, self-defence, and the support systems available to students. Following this, Mrs. P. Rajam delivered a thoughtful and compassionate talk, encouraging a culture of openness and trust. She urged the students to freely express their concerns and grievances, reinforcing the department's commitment to creating a safer and more inclusive environment. The session concluded with a motivating speech by Dr. A. Jeevika, emphasized the need for students to take responsibility in fostering a respectful, disciplined, and safe campus environment. In addition, she spoke about the importance of cleanliness in toilets, offering practical health and hygiene tips to maintain personal and communal well-being. A total of 90 undergraduate and postgraduate students from the Department of Chemistry actively participated in the event. The event was coordinated effectively by all staff members of the Department of Chemistry.
