Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		An unexpected lockdown during the COVID-19 brought into force online teaching as the most suitable means for teaching and learning. This was done to help teachers cover the syllabus and to engage students in studies. A private cloud has been established for the college and Email ID for all the staffs and students has been generated in the domain tcarts.in. Separate timetables were framed to ensure timely and hassle-free completion of the syllabus. As the teachers were all in a compelled race to force-fit their content delivery into a virtual space, they adopted various interactive methodologies and open source learning management systems (LMS) like Google classrooms, CANVAS etc to connect via online, to make learning more collaborative and contextual and to ensure smooth completion of the syllabus. Teachers also streamed some of their video tutorials live on YouTube. After the lecture sessions, students clarified their doubts via WhatsApp by using a group chat. Students belonging to rural areas were given the flexibility to view their class-contents at their convenience by watching short videos uploaded in their virtual classrooms. Self-study method of learning was largely focussed as we had adopted outcome based education from the academic year 2019 onwards. Planning of every course began with an objective in mind and teachers worked backwards from that objective to plan the learning activities to be associated with content. Emphasis was given to student-centric and creative-learning methods. The students were made to do creative assignments in a different perspective like video submissions, animation creations, memes etc. Students were allotted topics for short seminar presentations, forums were created for open discussion and collaborative learning was emphasised. Students were encouraged to refer authenticated websites, refereed journal articles for their study materials. Internal examinations and summative examinations were conducted online and on time for the even semester of 2019-2020 to help maintain the flow of study for students. Experiments for science courses were demonstrated to students via virtual platforms like https://www.vlab.co.in/ , https://vlab.amrita.edu/ , https://www.multisim.com/ , online demonstrations etc. Internal and external practical examinations were conducted strictly offline adhering to the standard operating procedures issued by the Government of India/Government of Tamil Nadu. Adoption of online methods though a new concept to many, proved challenging as it gave an opportunity to experiment with new techniques of teaching and learning.	
3. The period of delay in completion of syllabus (in months).		0
