6.	Coin Counting	MeenakshiSundareshwarar Temple, Madurai	21.9.2017	20

- Every year NSS students from Thiagarajar College render their selfless service to the Meenakshi Amman Temple in Madurai.
- The students go directly to the temple and extend their helping hand to the temple personages by counting the coins from the offering box (Hundi).
- It is such a tedious job to count inestimable coins and money from the Hundi since infinite people visit the temple every day and give their offerings in the Hundi.
- The NSS students' service in this regard is very appreciable and the management of the temple find it very supportive from our part.
- The students do this work very enthusiastically every year and they learn the lesson of helping others without expecting anything in return.
- The important thing to note in this service is that the students involve themselves in this pious work of helping the Hindu temple personages without any religious disparities.

SAKSHSAM CYCLOTHON

To create awareness on efficient use of petroleum products by the public, “SAKSHAM CYCLOTHON” was organised by Oil and Gas Conservation on 31.12.2017 under the aegis of the Ministry of Petroleum and Natural Gas. NSS volunteers took part in this event with their cycles that started at Race Course, Madurai ended at Teppakulam, Madurai.

The objective of this cyclothon focused on the consumers who could avoid long idling of the engine, buying premium petrol, should keep tires inflated to the correct pressure, should encourage drivers to observe posted speed limits, etc. as our countries demand for petroleum products had been hitting records. Most importantly, the public were motivated to use public transport and non-mechanised mode of transport such as cycling.

In this connection, NCC Cadets helped the physically challenged volunteers who participated in this societal related rally. At the same time, this cycle rally received huge and mass attention and in turn sensitized all groups of society on conservation of energy.
